## New DVDs at the Library!

Stop down to check out some new movies available just in time for the Fall weather. Have a laugh with Steve Carell in Irresistible, enjoy the critically acclaimed The Way Back starring Ben Affleck, curl up on the couch with the kiddos to watch Scoob! or sit on the edge of your seat watching Shia LaBeouf in Tax Collector (released October 6th.)

### FUN FACTS/TRIVIA:

**Tax Collector:** Shia LaBeouf had his entire chest permanently tattooed for his role in the movie. Talk about commitment!

**Scoob!:** Frank Welker is the only original member of the Scooby-Doo franchise to reprise his role in the film. He is the voice of Scooby-Doo! He also was the voice of Fred in the original animated series.

**The Way Back:** The movie was originally titled "The Has-Been."

Irresistible: The film was inspired by the 2017 special election for Georgia's 6th district where both Democratic and Republican parties spent more than \$55 million dollars combined, making it the most expensive House Congressional election in US history. Brad Pitt is also a producer on this film!
